AS WE CELEBRATE

Our 30th “Pearl Anniversary”

Found deep beneath the sea, hidden within an unbecoming shell, the pearl is a symbol of hidden beauty, purity and depths of emotion and understanding. Holding the ambiguous stature of being the only gems that are not stones, pearls have always held an ethereal quality, sometimes even being described as “alive” and able to change color, temperature and mood.

**In an effort to assist our members during these tough economic times:
The board has reduced the cost of the 2010 conference by 34%.
We will also be waiving the 2010 annual membership dues for all our members.
We hope this will afford more members the opportunity to attend.**

***** We will not be able to offer these reductions on an ongoing basis; but through diligence in spending, generous underwriting support and fund raising efforts we are able to offer these in 2010.**
